Mika Reign — Media Kit

Digital creator · AI-generated persona · New York City Instagram: [@mikareign](#)

About

Mika Reign is a digital creator built around premium lifestyle, streetwear, and NYC culture — SoHo-coded outfit breakdowns, gym/training content, and day-in-the-life posts, with a voice that's direct, dry-witted, and detail-obsessed about fit. Mika is a fully AI-generated persona; that's part of the story, not something hidden — see Disclosure below.
